Dear Sir:

**Re: *Freedom of Information and Protection of Privacy Act (FOIPPA)*  
Request for the Energy Resources Conservation Board (ERCB/Board) General Well  
Data File**

I acknowledge receipt of your letter dated April 12, 2010 requesting waiver of the fees payable for the General Well Data File listed at page 30 of the ERCB's 2010 Catalogue of Publications, Maps and Services.

I see from past correspondence dated March 23 and April 7, 2010 that ERCB staff have previously provided detailed information and explanations as to why the ERCB is not prepared to provide the General Well Data File at no charge and why the provisions of FOIPPA that provide for a waiver of fees applicable to requests for information under that legislation are not applicable to your request.

For the reasons outlined in detail in our previous correspondence, the ERCB is not prepared to provide the information requested free of charge. If you wish to purchase the information, please contact the ERCB's information services department to make the necessary arrangements.

Yours truly,

Original Signed By  
Dan McFadyen
